

Waste and Resources Management, Inc.

BF CONVERTER

BIOFUEL

- Converts used cooking oil to BF
- Converting equipment is PORTABLE; used cooking oil may be processed at generator's site
- If so desired, generators may keep converted BF for their own use
- Processing fee may be waived if converted BF is endorsed to WARM
- A safe and productive way of "disposing" used cooking oil

"One man's waste, another man's resource"
